Ms Debra Gillick

Executive Officer,

Chinese Medicine Board of Australia

AHPRA

Dear Ms Gillick

Re: Submission on the Mandatory Registration Standards and the Grandparenting Arrangements

Now I do not support English requirements ,In future I support !

I am writing in regard to the above matter. I would like to thank the Chinese Medicine Board of Australia (the Board) for the opportunity to express my opinion on the mandatory registration standards and grandparenting arrangements.

I agree with and support the proposed mandatory registration standards and grandparenting arrangements in particular on "The exemption arrangement for grandparented applicants" . I appreciate the consideration given by the Board on specific needs in making flexible arrangement on English requirements due to historical and uniqueness of the development of Chinese Medicine in Australia. Now I do not support the overall language requirements ,Because we live in Australia over 20 years, W e do Chinese Medicine business 20years, But we 're too difficulty get IELTS 6.5 or equivalent level , do not should be adequate requirements us .

I hope the Board will consider my suggestions.

Yours sincerely

kewenma
